Step 2 Beginning Songs (First Break Only)

Most of the Premium Downloads contain 2 breaks or solos. We are recommending that you **work your way through the first break** to all of the songs and then go back and learn the second breaks. The solos are in order of difficulty. If you happen to have a favorite song it is OK to jump ahead and start working on it. Realize that it may take a little longer.

Step 3 Learning Chords

Many times players start going to Jam sessions after they know 5 or 6 songs. **In order to play along with other instruments, you will need to know your chords.** If this is the case we recommend that you work on the following 5 lessons to learn and practice chords. This can be done for 15 minutes each day as part of your practice sessions.

<input type="checkbox"/> Simple Chords	Free
<input type="checkbox"/> Moveable Major Chords 1	Premium BJ42
<input type="checkbox"/> Moveable Major Chords 2	Premium BJ43
